

# Investment Management Division

INVESTMENT STRATEGY

*AI-Optimized Returns. REIT Sponsorships. Passive Income Pathways.*

## DIVISION OVERVIEW

The Investment Management Division optimizes asset performance and tracks investment returns for EH Capital Group's clients using AI-powered analytical tools. Through REIT Investment Sponsorships, this division creates collective property ownership pathways for small businesses and family estates — providing accessible routes to long-term passive income and generational wealth building.

## CORE RESPONSIBILITIES

- Optimize asset performance and track investment returns using AI-powered tools
- Manage REIT Investment Sponsorship programs for small businesses and family estates
- Develop collective property ownership frameworks and investment structures
- Provide investment performance reporting and client advisory services
- Coordinate with the Portfolio Development Division on client investment strategies
- Identify and evaluate new investment opportunities aligned with EH Capital's mission

## FEATURED PROGRAM

#### FEATURED PROGRAM

### REIT Investment Sponsorship Program

The REIT Investment Sponsorship Program offers collective property ownership pathways for small businesses and family estates seeking long-term passive income. By pooling resources through EH Capital's REIT structures, participants gain access to institutional-quality real estate investments that would otherwise be out of reach — creating equitable pathways to property ownership and wealth accumulation.

#### STRATEGIC GOALS

---

- Launch 10 new REIT Investment Sponsorship offerings by FY 2027
- Grow REIT investor base to 5,000+ participants
- Develop an accessible REIT investment platform for first-time investors
- Expand into commercial real estate REIT structures for enterprise clients
